1.0 LIMITED LIFETIME WARRANTY

GEM warrants to the original OWNER or TRANSFEREE, its PRODUCT installed at the address of the property indicated by the OWNER or TRANSFEREE, that it will be free from manufacturing defects which materially affect their performance on your roof of the property under the terms of this warranty. Coverage for the Product is provided on a non-prorated basis for a period of 50 years from original installation date, when installed on a single-family detached residence owned by the individual(s). After the initial 50-year non-prorated WARRANTY PERIOD, for the OWNER, coverage continues indefinitely with product liability limited to 25% of the original purchase price of the material. Should proper transfer of the warranty occur during the first 10 years of warranty coverage, the TRANSFEREE receives the remainder of the WARRANTY PERIOD and terms afforded the original OWNER as noted above. Should proper transfer to the second CUSTOMER occur after the first 10 years of warranty coverage, the second CUSTOMER shall have the balance remaining of a 50-year non-pro-rated warranty, reduced by the length of time elapsed from the date the warranty was first registered to the original purchaser. Warranty transfer is limited to one transfer to a second owner during the first 50 years of coverage.

Hail warranty coverage will cease after the first 50 years of warranty coverage.
